ABOUT ME

Hi!
Hoping you are having a great day

WORK EXPERIENCE

Unibo Motorsport - students group Bologna, Italy

Software developer
01/04/2025 – 01/10/2025
Students' association involved in racing cars.
I was specifically implemented in the driverless department.
Worked on robot development sharpening my skills with Python and ROS2
Worked on the car's simulator in Unity

ADM Staff - students group Bologna, Italy

Software developer
01/10/2024 – Current
Students' group with a tech imprinting at Uni of Bologna.
Learnt and worked with them on system administration and software engineering developing real applications.
We also organize workshops to teach other students basic instruments like Git or the shell.
