Subject: Letter of Recommendation for Mr. Simone Rea

To the Kind Attention of the Embassy of the Republic of Korea in Italy,

My name is Federico Chesani, and I am the Director of the Degree in Computer Engineering at the University of Bologna. With this letter, I am happy to recommend Mr. Simone Rea, for his application for a student visa for the Republic of Korea.

Mr. Simone Rea is currently enrolled in the Bachelor Degree Program in Computer Science: Simone is successfully pursuing his studies, and I can attest to his seriousness, determination, and excellent academic performance.

I strongly believe Simone is an excellent candidate for the program provided by Yonsei University, and I am sure He will greatly benefit from studying in such a renowned University within the international environment Yonsei University provides. I am pretty confident that he will comply with all the conditions required by the visa and fully seize the opportunity granted to him.

Please do not hesitate to contact me for any further clarification or information.

Sincerely,
Bologna, 23rd of June 2026

Federico Chesani
Associate Professor at the Department of Computer Science and Engineering
Program Degree Director of the Degree in Computer Engineering
University of Bologna
